## RAIN GARDEN WORKSHOP

March 4, 2008 from 7 to 9 PM

UConn's Middlesex County Extension Center, Rte. 154, Haddam, CT

(snow date: March 6, 2007)

Interested in having a rain garden at your home? Rain gardens are fun, easy, and aesthetically pleasing—and they will make a real difference in your yard, neighborhood, and local watershed.

Karen Filchak (UConn Extension), co-author of "Rain Gardens in Connecticut: A Design Guide for Homeowners," will talk about how to design, plant and maintain a rain garden. She will also be there to answer your questions.

Join us for this very exciting, and **free**, workshop. Call the Connecticut River Coastal Conservation District at (860) 346-3282 to register today. Space is limited.

Demonstration rain garden at the New London County Extension Office in Norwich, CT

To download a PDF of the rain garden publication go to <http://nemo.uconn.edu/tools/publications.htm>

### DIRECTIONS TO THE UCONN EXTENSION CENTER

From Route 9 North or South, Take Exit 7.

Exit 7 will put you on a mini-expressway (Rte. 82 Connector, Haddam) that dead-ends at Route 154.

Take a left (north) onto Route 154.

Continue on Route 154 for about 3 miles.

The Extension Center is a large white building on the right with a blue UConn sign.

If you pass the Post Office, you went too far!

If you get lost on the day of the workshop call 860-345-4511
